CAPABILITY STATEMENT

TargetGov Tip: This is a content & design template. Show your logo and contact information, with a specific person's name, phone and

Core Competencies

Tailor your Capability Statement to reflect your audience. An example first sentence is, "[Your Company] is able to help the [Target Agency or Prime Contractor] in their requirement for [specific requirements].

Short introduction statement relating the Company's Core Competencies to the agency's specific needs followed by keyword heavy bullet points.

TargetGov Tips:

- · No long paragraphs
- · Use short sentences followed by keyword heavy bullet points
- Create a new document for each agency mission or specific opportunity
- Call this document a Capability Statement
- · Preferably, this Capability Statement is one page, one side
- Go to two sides only if absolutely necessary
- · Save and distribute as a PDF, not a Word, PowerPoint or other format

Differentiators

Identify what makes you different from your competitors and how this benefits the targeted agency. Use metrics

TargetGov Tip: Relate your key differentiators to the needs of the agency, prime or teaming partner.

Use metrics – what have you done in your company's history. Create x amount, done x number of times, etc.

Company Data

Put one very brief paragraph of company description detailing pertinent facts here.

TargetGov Tip: Readers will visit your website for additional information. Make sure your website is constantly updated and government-focused.

List Specific Codes:

- Socio-economic certifications: 8(a), HUB Zone, SDVOB,
- DUNS
- NAICS
- CAGE Code
- Accepts Credit and Purchase Cards
- GSA Schedule Contract Number(s)
- Other Federal Contract Vehicles
- BPAs and other federal contract numbers
- State and other contract numbers

Past Performance

List past customers for whom you have done similar work. Prioritize by related agency, to all federal to other governments to commercial contracts. If the past projects do not relate to the targeted agency's needs, do not list. Only list past performance from the past 3 years.

Formatting:

Name of the Agency, Department, or Company. Contract # (if applicable), Value, Timeframe, Brief description of the work done. Include metrics or customer benefits. End with Contract: Name, Position/Title, Email, Phone

TargetGov Tip: Ideally, include specific contact information for immediate references. Include name, title, email, and phone.

Your address, phone numbers (voice, mobile, and fax), email, website, and other related contact information

TargetGov 2018 (remove the copyright from your final version)

- The Elevator Pitch is alive and well
- Choose every word carefully
- Describe what you do; how do you help existing customers
- Communicate your value proposition and differentiators
- Engage with a question
- Practice, practice, practice

Example:

"My company develops mobile applications that businesses use to train their staff remotely. This means senior managers can spend time on other important tasks. We actually visit each customer to identify their specific needs, which is a unique practice in our industry. As a result, 95 percent of our clients are happy with the first version of their app. So, how does your organization handle new employee training?"

Remember the Premise

If you want to compete with confidence in the State contracting arena, you have to understand how your customers buy things.

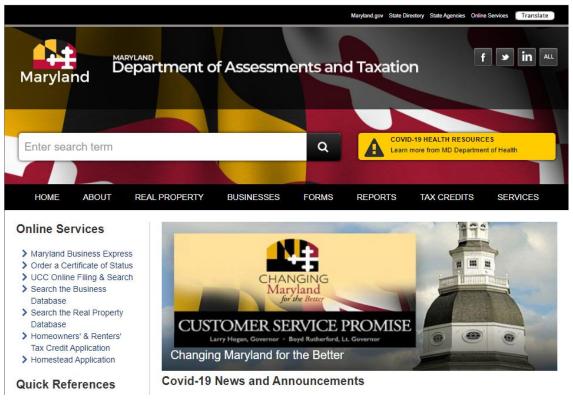

6 Things You Need to Know

- "Good Standing" status is required.
- The State of Maryland doesn't buy anything; agencies & departments procure things.
- All solicitations over \$15,000 must be posted on eMaryland Marketplace Advantage (eMMA).
- 4. Virtually all contracts are evaluated for small, minority, women and veteran-owned business inclusion.
- 5. Certification in a socioeconomic programs is an added value
- State procurement is open and transparent.

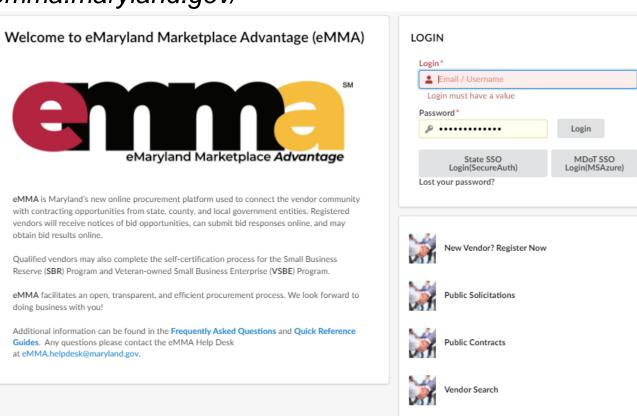

Your business must be in Good Standing with the Maryland Department of Assessments and Taxation.

https://dat.maryland.gov/Pages/default.aspx

All solicitations over \$15,000 must be publically posted (advertised) on eMaryland Marketplace Advantage (eMMA).

https://emma.maryland.gov/

- Learn how to navigate this system
- Maintain your profile
- Assign roles
- Update your profile as needed
- Use the FAQs, QRGs and Vendor Training Videos
- When you need help, ask
 - Contact the eMMA Help Desk

Certification in a socioeconomic program is *not* a requirement for doing business with the State of Maryland.

Why Certify? - Nearly every contract with state funding is reviewed for small business designation and/or minority, women, and veteran inclusion.

Small Business Reserve (SBR) Program

- Prime contracting program
- 15% set-aside
- Race and gender neutral
- State-defined small business eligibility standards apply
- Online certification process (eMMA)
- Annual renewal

Minority Business Enterprise (MBE) Program

- Subcontracting program
- 29% aspirational goal
- Race and gender specific
- Application-based certification process
- Annual renewal

Veteran-Owned Small Business Enterprise (VSBE) Program

- Subcontracting program
- 1% aspirational goal
- 3-Step certification process includes verification of veteran status
- Annual renewal

MBEs and VSBEs are encouraged to perform as a prime contractor.
